Tokens do not count as an investment.

Investors are fully responsible for any taxes applicable to the transaction.

Birdcoin is not responsible for determining the taxes applicable to transactions.

We shall not be liable for any loss or damage caused by Birdcoin.

All risks and costs of asset transactions in financial markets are at your own risk.

Trading crypto assets is risky and not suitable for all investors.

You need to evaluate it carefully yourself.

The Birdcoin logo is a stylized, handwritten-style signature of the word "Bird" in a dark blue color. It is positioned in the bottom right corner of the page.

Introduction

Birdcoin is a community-driven token, and there is no real or fake community group.

Although there are several community groups, but each group aims to grow Birdcoin and should respect each other's groups.

“BirdcoinBSC Group” has clarified the purpose of using Birdcoin whose ownership has been abandoned, and is considering long-term activities.

It's a collaboration with Metaverse.

A large, light blue watermark logo is centered on the page. It features a circular wreath of stylized leaves and branches. In the center of the wreath is a large, ornate letter 'B'. Below the 'B' are two stylized birds, one on the left and one on the right, facing each other. The entire logo is rendered in a light blue color.A stylized, handwritten signature logo for Birdcoin, featuring a large, flowing 'B' with the word 'Bird' written in a cursive script below it.

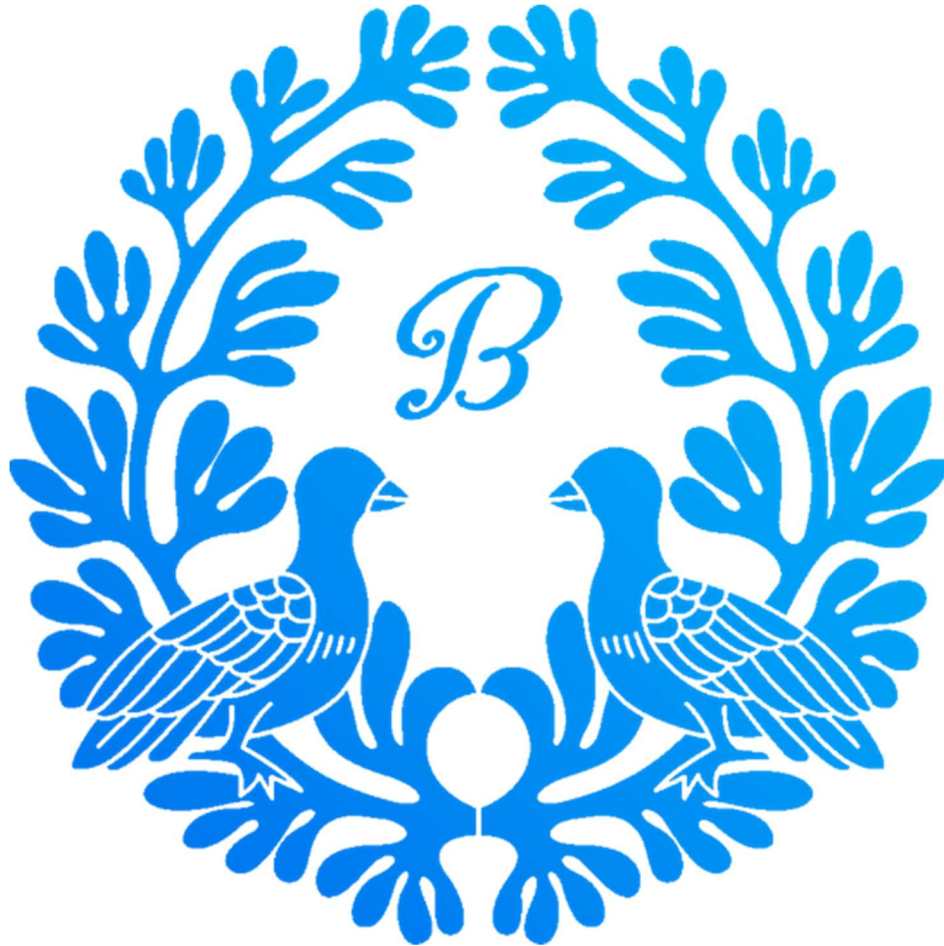

Concept

BIRDS = No Border

**What is needed to solve a problem is mutual understanding.
Birdcoin enters the Metaverse to become a symbol of peace on
all networks.**

A stylized, handwritten signature in black ink that reads "Bird". The letters are fluid and connected, with a large, sweeping 'B' at the beginning.

Logo

Two Birds(pigeon)

Peace, Freedom, Communication

The plant(Hoya carnos)

Begins, Departs

Circle

Harmony, Planet

Vision

BIRDS × Metaverse

Promote the growth of bird coins by collaborating with cutting-edge technologies of the times such as Metaverse.

A stylized, handwritten-style signature logo for 'Bird' in black ink.

Mission

Seriously and positively

- **Searching for collaboration partners**
- **Coordinating with collaboration partners**
- **Revitalizing the community**
- **NFT Sales(3D art, Pixel art, Digital art)**
- **Influencer marketing push**
- **Listing on exchanges, etc**

A stylized, handwritten signature in black ink that reads "Bird". The signature is fluid and cursive, with a large, prominent 'B' at the beginning.

Smart Contract

Our foundation runs on the binance smart chain.

Attacks on transactions are protected by blockchain technology, which can mitigate risk.

Transactions are interactive and are not mediated by third parties.

This makes the transaction more reliable.

A large, light blue watermark logo in the center of the slide. It features two birds facing each other, with a heart shape between them, all enclosed within a circular wreath of leaves.

Bird

A rug pull measures

A rug pull occurs frequently in the decentralized financial sector and decentralized exchanges.

When trading on smart contracts, it is difficult to avoid such tokens.

but Birdcoin's ownership has been renounced, so tax rates cannot be changed and liquidity cannot be removed.

Therefore, A rug pull cannot be performed.

A large, light blue watermark logo is centered on the page. It features a stylized bird with its wings spread, perched on a branch. The bird is surrounded by a circular wreath of leaves. A large, stylized letter 'B' is positioned behind the bird.

Bird

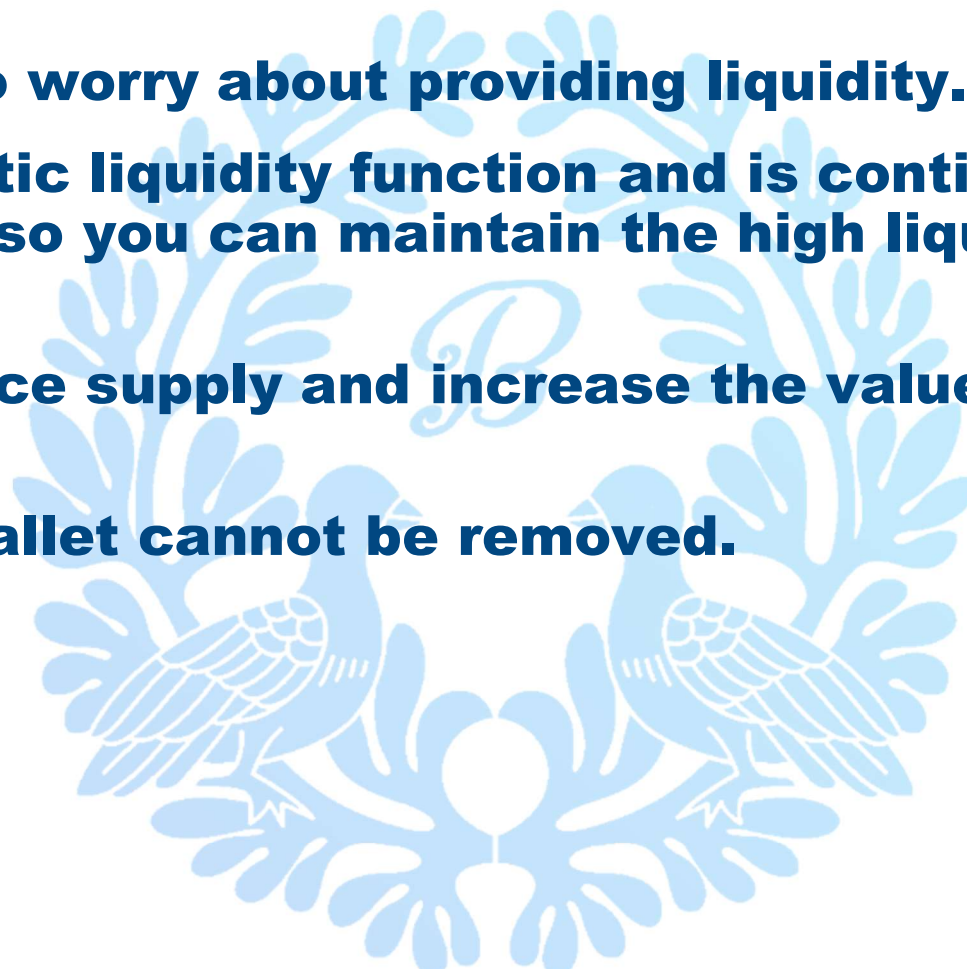

Locked Liquidity

You don't have to worry about providing liquidity.

It has an automatic liquidity function and is continuously filled with each trade, so you can maintain the high liquidity provided for the transaction.

Dead wallet reduce supply and increase the value of Birdcoin per piece.

Also, the dead wallet cannot be removed.

A handwritten signature in black ink, consisting of a large, stylized 'B' followed by the word 'Bird' in a cursive script.
